

Curriculum Video On Demand

NEW!

**Unmatched Depth: 5,000 programs.
50,000 segments. 3,000 hours.**

Facts On File and Films for the Humanities and Sciences are proud to present our comprehensive new *Curriculum Video On Demand* subscription collection, a compilation of Films for the Humanities and Sciences's best high-school-level video content spanning the following core subject areas:

- Business
- Health & Nutrition
- Literature & Language Arts
- Science & Mathematics
- Social Studies
- Visual & Performing Arts.

Each video has been segmented into predefined clips, making it easy to find specific pieces of content quickly. And powerful user and admin tools make using the collection a breeze.

Streaming Video, Easy Access 24/7

Stream more than 5,000 high-quality educational videos directly to your desktop. The videos are available anytime and anywhere, and anyone at your subscribing institution can have access—whether in class, at the library, or from home.

Exceptional Content, Correlated to the High School Curriculum

Curriculum Video On Demand features exclusive content from the world's best producers, including Films for the Humanities and Sciences, ABC News, CBS News, NBC News, BBC Active, *The News Hour with Jim Lehrer*, *Bill Moyers Journal*, Shopware, Cambridge Educational, and many more. The collection is kept fresh and continues growing, with new titles added monthly—approximately 400 new titles per year!

Features include:

- Unlimited simultaneous use, 24/7
- Easy access from any computer with an Internet connection (Mac and Windows compatible)—no special software or hardware needed
- User-friendly, intuitive interface and easy navigation
- Seamless integration with Web-based learning management systems and card catalog systems
- Powerful search tools—search title or segment metadata
- Correlated to state and national educational standards
- Adobe® Flash® Player-compatible format (400k, 700k and 1.5mb streams) for cross-platform compatibility
- Closed-captioning on many titles
- Ability to easily create, play, share, and save custom playlists
- Ability to save and organize favorite videos in personal folders—perfect for teachers and faculty
- Helpful citations in multiple formats
- Public performance rights included
- Ability to view in window or full screen
- Usage tracking and reporting for librarians and administrators
- A variety of authentication options.

Available only in the U.S. and for American schools abroad.
